

Technical datasheet

OTW.IBC 1000 Heater mat

OTW ID.: 7000-163

Introduction

Heater mat, for wrapping around 600liters IBC tanks.
An ideal option when viscosity is high.

It speeds up the process when pumping high viscosity oils, or when operating in cold weather.

Features

- Easy On/off operation
- Self-regulating

Safety features

- Insulated
- Internal thermostat

Capacity & performance

Power requirements	230V. 10A. 50Hz. 800 W
Regulation area	0-40°C

Weight & dimensions

Length	3600 mm
Height	1000 mm
Gross Weight	15 kg
Cable	3m
